Taste Information

A smooth and caramelly light-roast Arabica blend crafted specifically for your larger milky coffees.

The Story

We crafted this coffee as the match for your longer milky treats. An aromatic blend of light roasted Arabicas from Kenya, Colombia and Nicaragua, our signature split roast develops delicious caramelly notes and a smooth texture in BIANCO DOPPIO for milk. It's the coffee that pairs beautifully with milk in your larger cappuccinos and flat whites.

For this 100% Arabica blend, we sourced beans from a diversity of origins stretching from China to Colombia, and Brazil to Ethiopia.

The majority of the coffee goes on a very light first split, while the second split is pushed a bit further. A very clear and light roast overall.
