Taste Information

This Vertuo coffee capsule blends decaffeinated and regular Arabica coffees from Brazil and Ethiopia. After decaffeination of half the coffee, a light and quick roast of a Brazilian Arabica coffee gives this Vertuo coffee pod a roundness and a sweetness. We chose to blend in an Ethiopian coffee so its delicate aromatics would add finesse. Half the coffee is Nespresso decaffeinated, but the taste is full.

The Story

Why we love it: You'll love Half Caffeinato - its smooth, velvety texture and its sweet biscuit note.
