### The Story

You'll love the refreshing exotic taste of Coconut Flavour Over Ice. The coconut flavour blends beautifully into the roasted, caramelly notes of a Latin American Arabica espresso. This iced delight is your perfect refreshing summer treat. Best served as: 1 coffee capsule (40 ml) over a handful of ice cubes (90 g). To extend the treat, top it up with cold water or cold milk (90 ml).

The Latin American Arabicas in this blend are known for their naturally smooth taste. The Brazilian beans bring an approachable mellowness to the blend, while the other Arabicas from Central and South America give the blend its rounded taste.

We gave the coffees a medium roast, but it is still dark enough for the caramel and toasted cereal notes to develop, while preserving the rounded mouthfeel and delicate acidity of this coffee.
