Taste Information

Round and easy to drink, Carafe Pour-Over Style Mild has a balanced sensorial profile with toasted cereal notes and pleasant sweetness. This blend was roasted using the split roast technique (60/40). The first split includes all origins and is roasted to a light degree and average roasting time, while their second split includes only Colombian coffees and is roasted to a slightly darker degree, creating a mild roast overall. A classic Vertuo roast.

The Story

Smooth, toasted cereal and malted notes grace every last drop of this subtly sweet Latin American Arabica blend coffee inspired by the pour-over method.
