Taste Information

A long, slow roast intensifies the Nicaraguan and Guatemalan cereal aromatics to notes of spice and wood. They're all high-grown Arabica coffees that we give that deep roast to build the rich intensity. But this Vertuo coffee pod remains smooth and full-bodied. Milk may mellow out Stormio - but you'll still taste the powerful roasted notes that blow you away with a gathering storm.

The Story

Why we love it: Stormio's a darkly roasted blend that rushes in with this myriad of aromas. But that all that strength could come from pure Arabica coffees?
