### The Story

Embodying the spirit of this lively and colourful city, this espresso reflects the country’s deeply rooted heritage of both growing and drinking coffee. Rio de Janeiro's unique touch of sandalwood and herbal notes will give you a glimpse into the Brazilian way of life. Drink it like a local: Double your espresso with hot water.

This 100% arabica is created using beans from two distinct Brazilian regions: Cerrado - well-known for its quality - and Espirito Santo, which brings in the herbal notes that define this coffee.

Espirito Santo beans are roasted separately to preserve the herbal notes. The other beans are roasted together in a dark roasting mode to enhance body, intensity and bitter notes.
