### The Story

We have made name changes to our Barista Creations flavoured range for Original to better reflect the various changes made, from the recipe to the flavouring extracts and recommended cup size. Nothing beats a classic. And Barista Creations Flavoured Nocciola delivers. The rich roasted hazelnut flavour cascades through a smooth Latin American Arabica blend. Through the coffee’s malted cereal character comes this caramelized nutty note—your cue to slow down and savour your coffee moment. Stretch out the moment—make it a cappuccino. It’s a milky delight with the hazelnut flavour taking on a delicious praline character for you to linger over.
