### The Story

Inspired by the “hot bloom” method, Cold Brew Style Intense, reimagined by Nespresso, begins brewing hot to draw the best of the beans & continues with cool water to leave the bitterness behind and brewed in minutes. Taste the roasted Arabicas’ & caramel notes in a smooth, silky-textured coffee. For the best experience, use cool water (below 10°C / 50F) in your Vertuo water tank & add 3-4 ice cubes to your coffee. 12 fl oz (355 ml) = 2 servings of 6 fl oz (172.5 ml).

This 100% Arabica blend mostly uses Brazilian Bourbons and other Guatemalan Arabicas.

This Vertuo coffee gets a split roast. It allows the Brazilian Bourbon to develop its cereal note to become a sweet and smooth coffee. Lightly roasting the other Arabicas rounds out the blend.
