The Story

Enjoy the exhilarating bright fruit notes of Freddo Delicato. Kenyan Arabica beans bring those juicy fruit flavours which make this a cool, refreshing blend for any season when you pour it over ice. It's lightly roasted and ground specifically to deliver those delicate aromatic notes to your palate. Best served as: 1 coffee capsule (40 ml) over a handful of ice cubes (90 g). To extend the treat, top it up with cold water or cold milk (90ml).

This 100% Arabica blend gets its coffee mostly from Kenya and Indonesia.

We roast it in two splits. It's medium-light roasting to bring out the juicy acidity of this mild blend. The first split's a little shorter, and that heightens those bright citrus notes.
