## **Taste Information**

Stockholm Lungo is a coffee with sweet cereal and malty toasted notes that lies beneath a ■veil of acidity and lively bittereness. ■ Paired with milk, this coffee reveals additional sweet biscuit and toffee notes.

## **The Story**

Swedes are among the world's biggest coffee consumers. Wander around Stockholm, and you'll often find intense black coffees with a malty savoury note coming from the distinctive Monsoon Arabica. Stockholm Lungo recreates the aromatic profile of a Swedish coffee by coupling Monsooned Malabar with Colombian Arabica.

A rich combination of beans coming from Colombia, Costa Rica and India, with the later undergoing a particular monsooning process that defines this coffee's sensorial profile.

The Monsooned Arabica gets a darker roast to enhance its body and cereal notes. A lighter roast of the washed Colombian coffee means all the classic finer aromatics stay in balance.
