The Story

The elegance of the roasted hazelnut flavour—with its sweet top notes of praline and delicate vanilla—finds creative expression in Infinitely Gourmet. We bring together cereal-noted Arabicas from Latin America and Africa and give the blend a bespoke roast. It's into this smooth coffee that the delicious hazelnut flavour comes to craft a combination of tastes and aromas reminiscent of the finest patisserie chef's creations. Add a dash of milk to make this your creamy coffee treat.

Co-created with the avant-garde French pastry chef Pierre Hermé for our Festive 2022 collection, this bold and delicious collection combines exceptional patisserie know-how and the art of elevating coffee. Indulge in these delicious flavours once again, available for a limited time!
