Taste Information

And Volluto Decaffeinato is faithful to form - Brazilian and Colombian coffees are carefully composed and now gently decaffeinated - for very sunny living. We decaffeinate naturally to make sure the coffee beans' quality and taste is protected as much as possible. And just as with Volluto, in a Volluto Decaffeinato with milk you'll taste the irresistible charm of those easy sweet biscuit and caramel notes with a splash of lively fruit aromas.

The Story

Sweet and light. Delightfully balanced cereal and fruity notes. Volluto has an easy way about it.
