Taste Information

We split roast the coffees to give the Robustas a darker roast. A lighter but slightly longer roast of the Colombian Arabica beans keeps the acidity intact and develops a hint of a nutty note. Il Caffè goes down like a dream, its classic aroma promises to delight, and its familiar flavour is one to remember. We crafted Il Caffè to be your traditional black coffee experience, but if you want to soften this one's intensity, why not add milk to make a Cappuccino?
